

## Nonprofit Management

Assistance with completing state and federal forms to receive Internal Revenue Service (IRS) tax exemption. This includes establishing your organizational name with the state, employer identification number (EIN) and bylaws for mandatory language.

## Strategic Planning

For profit and nonprofit entities benefit from having a solid strategic plan. This is the foundation of all sustainable fundraising programs. Our team can lead your organization through a process that clarifies the unique value of your organization based on industry, priority goals and objectives that can maximize your impact.

## Program Development & Management

Each program should be strongly associated with the organization's overall mission. An evaluation and assessment of new programs is necessary for leaders to consider and determine if the program is necessary for the organization.

## Grant Writing & Family Development

Grants are key to sustaining social impact programs. There are various components from your organization that must be demonstrated for a strong grant proposal. Funding sources from federal, foundation and corporations are highly competitive.
